### **How we will use your personal information and who it will be shared with**

Internal: Our volunteers discuss your support with the appropriate organiser/co-ordinators, who in turn discuss your support with their line managers. Discussions take place in a confidential setting, for the purposes of supervision and to ensure the best possible support to your family. Volunteers meeting together for peer support do not share information that may identify, or breach the confidentiality of your family.

All information provided to our board of trustees for the purpose of assessing the level of referrals, local trends or case studies shall be anonymised.

External: We will, on an anonymised basis, use your personal information to demonstrate the impact of our services. Any case study information shared will always be on an anonymised basis unless we have further explicit consent from you.

We will inform funders and your health visitor (and other agencies involved with your family) that you have sought support from us (including the nature and level of such support) and provide them with *[general information]*. In the event that your family has been referred to us, we shall share the same information with your referrer (this will include any changes to the support and informing the referrer when the support comes to an end).

We may share your personal information with Home-Start UK for the specific purposes of statistical analysis and the promotion of our work nationally as well as any reporting requirements for funders who support the network on a national level. This will be on a pseudo-anonymised basis (meaning that we will take steps to limit the ability for your personal information to be identified. This will normally include the anonymization of names and full addresses).

We may share your personal information with our external auditors for quality auditing purposes but only in the presence of your organiser/co-ordinator and only after the auditors have provided us with all necessary written undertakings to preserve the security and confidentiality of your information.

We will share personal information with law enforcement or other authorities if required by applicable law (including, in line with our Safeguarding and Promoting the Welfare of Children/Safeguarding Adults at risks policies, where there are concerns about the safety or wellbeing of a child or adult at risk and it is considered necessary for their welfare and protection).

We will not share your personal information with any other third party without first obtaining your explicit consent.

### **How long your personal information will be kept**

We will keep your personal information after we have finished providing our support in order to respond to any questions, complaints or claims made by you or on your behalf, to show that we treated you fairly and/or to keep records required by law. We will not keep the information for longer than necessary. We keep different types of information for different lengths of time (further details can be found in our Information Governance Policy which is available on request).

**Keeping your personal information secure**

We have appropriate security measures in place to prevent your information from being accidentally lost, or used or accessed in an unauthorised way. We limit access to your personal information to those who have a genuine need to know it. Those processing your information will do so only in an authorised manner and are subject to a duty of confidentiality. We also have procedures in place to deal with any suspected data security breach. We will notify you and any applicable regulator of a suspected data security breach where we are legally required to do so.
